How to Place Out-of-Town Calls

There are two general classes of Out-of-Town Calls, Station-to-Station and Person-to-Person, explained below.

Station-to-Station Calls
(From One Telephone to Another)

A station-to-station call is one where you ask to be connected with a certain telephone in a distant place. However, if you ask for a particular person or for an extension telephone reoched through a private branch exchange, as in a particular department or hotel room, the call is a person-to-person call. A station-to-station call usually is completed more quickly and the rate is less than for a person-to-person call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called telephone is answered, provided the calling party is holding the line.

To Place a Station-to-Station Call

First—Give the operator the name of the place you are calling.
Second—Give the area code and the telephone number you are calling, otherwise, the name and the address of the party whose telephone you are calling.
Third—Give your telephone number when the operator asks for it.

Person-to-Person Calls
(From One Person to Another)

A person-to-person call is one where you ask for a particular person or extension telephone reached through a private branch exchange, as one in some department or hotel room. The rate for a person-to-person coll is higher than the rate for a station-to-station call.

The time at the originating point when the conversation starts determines whether the day or night rate applies. Charges begin when the called person or extension telephone reached through a private branch exchange is obtained, provided the calling party is holding the line. Charges may be reversed without any change in rate.

To Place a Person-to-Person Call

First—Give the operator the name of the place you are calling.
Second—Give the name, the area code, and the telephone number of the person you are calling, otherwise, the name and the address of the called party.
Third—Give your telephone number when the operator asks for it.

Collect Calls

If the charges on the call are to be paid at the distant telephone, you should tell the operator when filing the call that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

Relinquishing Telephones for Emergency Calls

The law of North Carolina provides that any person who shall wilfully refuse to immediately relinquish a party telephone line when informed that such line is needed for an emergency call to a fire department, or police department, or for medical aid or ambulance service, shall be guilty of a misdemeanor. Such a law also provides that any person who shall secure the use of a party telephone line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor.

Recording of Telephone Conversations

A short "beep" tone heard over the telephone about every 15 seconds indicates that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and which is provided by the Telephone Company for your protection.

Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Dial Instructions

1. Always refer to your Directory for the correct number.
2. Listen for dial tone. If no dial tone is heard, hang up and try again.
3. Dial promptly and accurately. Touch the finger stop with each number dialed and then let the dial return free. If your finger slips, hang up and dial the complete number again.
4. To dial a local number such os STate 2-1234:
   - **a.** Dial the first two letters of the Central Office name, which in this case is STate. Then dial the five figures.
   - **b.** When you have finished dialing you should hear the ringing signal or the busy signal. If you hear the recording "The number you have reached is not a working number—" you have dialed an incorrect office or a non-existent number. Check the directory and dial again.

If you have trouble in dialing, dial Operator (zero). She will be glad to help you.

If you want to know who shares your party line, dial Repoir Service and ask.

Service Calls and Emergency Listings

Refer to service codes, emergency listings, reverting call information (to call a party on your party line), and Inter-office Dial Instructions preceding the Alphabetical Listings of each exchange.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the Kannapolis Exchange. Please use the method applicable to your line.

(1) **Kannapolis subscribers who receive** a "PARTY LINE CARD" will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

(2) **Kannapolis subscribers who DO NOT** receive a "PARTY LINE CARD" will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: WEbster 2-3456
WEbster 2-3457
WEbster 2-3458

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the numbers 19 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL PARTY ON YOUR PARTY LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "CODE NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "CODE NUMBER" as listed on the card. Then hang up your receiver. Your telephone bell, and the bell at the called telephone, will ring at regular intervals until the called party answers. Your bell will stop ringing when the called party answers. Then remove your receiver and talk in the usual manner. If ringing continues it is evident that the called party does not answer, so remove your receiver and then replace it in order to stop the ringing and to clear the line for further use. When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line", or if a "Party Line Card" is misplaced or lost—DIAL 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 114.

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the Kannapolis Exchange. Please use the method applicable to your line.

(1) **Kannapolis subscribers who receive** a "PARTY LINE CARD" will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up you receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 114.

(2) **Mt. Pleasant subscribers who DO NOT** receive a "PARTY LINE CARD" will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: HEmlock 6-2081
HEmlock 6-2082
HEmlock 6-2083

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the numbers 19 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line" or if a "Party Line Card" is misplaced or lost—DIAL 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the New London Exchange. Please use the method applicable to your line.

(1) New **London subscribers** who receive a "PARTY LINE CARD" will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

(2) New **London subscribers who DO NOT** receive a "PARTY LINE CARD" will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: HObart 3-2091
HObart 3-2092
HObart 3-2093

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the numbers 19 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

A BACKGROUND SKETCH OF CONCORD . . . . IT'S RESOURCES, BUSINESS, CULTURE, AND POINTS OF INTEREST.

AN AERIAL VIEW . . . "THE FRIENDLY CITY"

HISTORY: Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers, and named Concord when the two factions settled a dispute over the location of County seat. The first court house was built in 1796. In 1872 a new and larger court house was built, but three years later was destroyed by fire. The present court house was built in 1875. The first gold discovered in the United States was in Cabarrus County in 1799. The nugget found weighed approximately 17 pounds. In 1903 a nugget was found which weighed 28 pounds, one of the largest ever found, and a replica of this nugget is in the Smithsonian Institute in Washington, D. C. The name, Concord, has prophetic significance. The city has lived up to its name in mutual understanding and helpfulness among its citizens.

A thriving city of the rich Piedmont Section of North Carolina, takes pardonable pride in its achievements. A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women whose judgment and decisions are based on experience with the job.

How to borrow money for the first time:

First, stop worrying about borrowing! The time to borrow money is when you really need it—and then—you can rent the extra money you need just like you'd rent anything else—a car, an apartment, some tools.

Second—figure out exactly how much money you need—it's just as wrong to borrow too much as it is to borrow too little.

Then—telephone Seaboard for answers to any special questions you may have and for a personal appointment.

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. The rules and regulations specified herein are in addition to the rules and regulations contained in other sections of The General Exchange Tariff or in the Local Exchange Tariff of The Concord Telephone Company.
2. Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
3. All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering, or collecting any message, where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Company.
4. Subscribers may not disconnect or remove, or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company.
5. The telephone equipment, apparatus, and lines furnished shall be carefully used and no instrument, appliance, or device of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus, or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instrument, apparatus or device and to suspend or disconnect service without any claim on the part of the subscriber.
6. The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the Telephone Company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.
7. When party line service is furnished, the Telephone Company may, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the case of two-party line service, to three others in the case of multi-party (more than four-party) line service. The Telephone Company reserves the right to cancel any two-party line, four-party line, or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line.
   The continuous use of a party line for a local message is limited to five minutes.
8. All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each instrument or place of apparatus injured or destroyed otherwise than by unavoidable accident.
9. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.
10. The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's stations, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.
11. All charges due are payable by the subscriber at the Telephone Company's Commercial Office or at any other agency duly authorized to receive such payments. If objection in writing is not received by the Telephone Company within thirty days after bill is rendered, the account shall be deemed correct, and binding upon the subscriber.
12. In the event of (a) the abandonment of service, (b) the nonpayment of any sum due, (c) the use of foul or profane language, (d) impersonation of any other person, (e) the making of nuisance calls, (f) the use of telephone service by a customer in connection with a plan or contrivance to secure a large volume of telephone calls, to be directed to such customer at or about the same time, resulting and preventing, obstructing or delaying the telephone service of others, (g) listening in on party line conversation, (h) refusal to yield the line for emergency calls, (Fire, Ambulance, Doctor, etc.), (i) intentionally leaving receiver off hook, (j) interfering with any conversation on a party line in any way, or (k) any violation of the Company's regulation, the Company may, without notice, either suspend the service or terminate the service without suspension.
13. When service is suspended for violation of any Company rules, or regulation, restoration of service will be made only when the subscriber furnishes the Company reasonable assurance that there will be no recurrence of the violation and the applicable reconnection charge has been paid.
14. When service has been suspended for non-payment of charges, restoration of service will be made only when indebtedness with the Company is fully satisfied and when the reconnection charge is paid. Telephone removed for non-payment may be re-installed only upon the execution of a new contract.
15. In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or wilful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowances cover the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.
16. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.
17. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.
18. The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
19. When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
20. The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmitting or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.
21. The Telephone Company may transfer an unpaid balance of a previous account to that of an existing account so long as it is the same legal entity. After the transfer has been completed the Telephone Company will then treat the account as though it were one and the Company's collection policy as authorized will apply.
22. The Telephone Company shall not be liable for damages or other penalties due to errors or omissions in the telephone directory.
23. Telephone directories distributed from time to time by the Company remain the property of the telephone company, shall not be mutilated, and shall be surrendered upon request or upon delivery of the subsequent issue. No binder, holder, insert, auxiliary cover or attachment of any kind not furnished by the telephone company shall be attached to or used with the directories owned by the telephone company, except that this prohibition shall not apply to a subscriber-provided binder, holder, insert or auxiliary cover which contains no advertising, and which is not so attached as to impede reference to essential service information or otherwise interfere with service.
